Experience

Jivan Health   January 2024-present
Frontend Developer Intern   Remote
🔗 http://jivanhealth.in/

As a Frontend Developer Intern at Jivan Health, I played a pivotal role in utilizing NextJS for frontend development, collaborating with a talented team to create a cutting-edge healthcare portal. My responsibilities included integrating an AI Chatbot and real-time doctor consultation features using NodeJS, resulting in enhanced user engagement and accessibility to essential medicines and healthcare services. I actively contributed to ideation sessions, driving innovation and prioritizing feature enhancements. Key achievements include implementing responsive design strategies, reducing query resolution time by 30%, and optimizing platform performance, resulting in a 25% reduction in page load times.

Buildspace   Aug 2023 - Oct 2023
N&W S4 Builder   Remote
🔗 https://buildspace.so/

During my time as an N&W S4 builder, my team and I successfully developed Reposight, a project designed to assist beginners and intermediate developers in connecting with open-source projects they are passionate about but find challenging to navigate. Leveraging technologies such as Cassandra, MERN Stack, and Github Bots, we created our prototype and were invited to attend the summit in Dubai, UAE

Exidge   September 2023-Present
Lead Backend Developer   Remote
🔗 https://exidge-web.web.app/

As the Lead Developer at Exidge, I orchestrated the development of cutting-edge solutions within a dynamic and meritocratic environment. Leveraging technologies such as ReactJS, Firebase, ReduxJS, and Tailwind CSS, I led a proficient team in crafting highly scalable applications. Overseeing projects, I facilitated an environment of innovation, contributing to ideation and brainstorming sessions which led to the implementation of advanced functionalities, resulting in a 20% improvement in user engagement metrics. My leadership resulted in the successful deployment of 10+ applications, achieving an average 30% reduction in server response times. Upholding Exidge's ethos, I prioritized merit over appearance, fostering a culture of technical excellence and empowering young adults with cutting-edge skills and knowledge.

Education

Vellore Institute of Technology   April 2022-June 2026
Computer Science   B.Tech
8.9 CGPA
